21 DECEMBER 2007

Dear brother Cheri

We greet you in the name of our Lord. At last we are so grateful that the Lord has remembered us with some rains. Our dams were almost empty but the main ones are now 87% full.

People are ploughing and we hope if things remain this way we may have a good year after such a long time. Thank you so much for your prayers.

These last two months have been so hard for us. Each can hardly walk but we are still helpful. Most of the time we take her to the Hospital for treatment. I know you are praying for her and I thank you for that.

We had two meetings in November and December. One for the youths and the other for the men fellowship. They were all very well attended, but I am sorry that I did not let you know about them.

One person I would like you to think of in your prayers is Mr. Phiri. He is of such a great help to us. We write our reports and ask him to type and send them to you. We deeply appreciate his service for us.

We have a Church that wants to build a church building. Most of the members are women, most of the men have gone to South Africa to look for work. At present we have our Church services in a classroom but we have applied for a Church site please pray for this project these women are willing to make bricks for the building.

We deeply appreciate your support for the work

The two last weeks of November we baptised 2 people and 5 people for December.

The Lord's work is doing well although things are not working as well as we like.

May God bless you all

Yours in Christ

Watson and Evelisa Mabona
